## Gas Fitting.

**THIRMIN'S SCIENTIFIC SYSTEM OF GAS-LIGHTING** SECURES a better light at half the cost, and over exceeds all others. No. 64 and 65 Broadway, New York. William Thirmin, corner of the City or New York.

This is to certify that I have known Mr. John Fitch for several years, and that I esteem him as one familiar with the principles of science, and that I consider him to be a man of great ability, and for regaling and adjusting the lights in my house, I have had the best service, and the most economical, and the most reliable, and the most convenient. R. OGDEN BOULEMUS.

**CERTIFICATE** of the Trial. New York, April 1, 1866.

We employed Mr. Fitch, four years ago, to fit up our house, and he has given us a good deal of trouble, and over charged us, and we have never been satisfied with his work. The result was that we have had to employ him again, and he has now made us even more unsatisfied. We have now given up his services, and will no longer have him. R. OGDEN BOULEMUS.

**Gas Fitter.** SAM'L SINGLAR, Publisher, 100 W. Sixtieth-street, New York.

I have known Mr. Fitch for over two years, and he has given me a good deal of trouble, and over charged us, always to my benefit, and satisfied.

I regard him, by his long experience and constant study, making it a point to keep up to date knowledge of his business and their application in practice, as one I ever employed. He gives a better light at less cost, by his way of arranging the lamps, and I would recommend him to any one that is not satisfied with his services. A. GIBERT CLARK, Proprietor.

By a recent combination of improvements, I have now, and will, by gaslight, fit up my house, and at one-half the cost of the gas-lighting at the old rates. J. F.
